Summary

Computer Science undergraduate with hands-on experience in MERN stack development, REST API integration, authentication systems, and responsive UI design. Built full-stack applications using React, Node.js, Express, and MongoDB. Strong interest in backend engineering, scalable architecture, and problem solving. click here.

Skills

Language :Java, JavaScript
Frontend : React.js, HTML5, CSS3, Tailwind
Backend : Node.js, Express.js
Database : MongoDB
Tools : Git, GitHub, Postman, REST APIs

Experience

3.1 Summer Intern at AIT

Worked on an AI-based innovation project exploring Generative AI and remote sensing technologies
Participated in ideation, prototype development, and business strategy discussions.
Contributed to team research and technical implementation.

Projects

blogging page Link to Demo

•Developed a full-stack blogging application using MERN stack (MongoDB, Express.js, React.js, Node.js)
•Implemented user authentication and authorization using JWT and secure password hashing (bcrypt) .
•Integrated user login/logout system with session handling and protected routes .
•Ensured application security using input validation, authentication middleware, and secure API practices .

Task Management Link to Demo

• Developed a full-stack platform with 4+ API supporting event management workflows.
• Designed and managed database tables using MongoDB records.
• Implemented JWT authentication and role-based access control for user roles.
• Optimized API response time by 25
• Also working on its backend to implement history of the user and score, and also user login data storage.

Education

2022 - present	United college of engineering and research Greater Noida	(SGPA: 7.04/10)
2021	Holy Angels Public School	(71)
2019	Holy Angels Public School	(69)

Achievements

- Certificate for successfully completing the course of Alpha Batch DSA with Java by Apna college
- Earned 5 rating on Hacker Rank problem
-Got all India rank 1514 in iCAT exam.
-My team Got 1st rank in mini innovation project at Bangkok
- Ranked among the Top 5 coders in my college based on coding contests and performance
- Last but not the least I was captain of my football team from class 8 to B.Tech 2nd year
